Dear Todd:

This will confirm our agreement whereby The Vandervort Group, LLC will, through MultiState Associates Inc., continue to provide government relations representation to the U. S. Fireworks Safety Commission, Inc. in an effort to have legislation enacted in New York that would allow the sale of certain fireworks manufactured and sold by the client.

As agreed, this assignment commenced January 1, 2012 and will continue through 2012 for a fee of $15,000, plus ordinary and reasonable out-of-pocket business and lobbying expenses directly related to the assignment. Please invoice us in January for $5,000 and the remaining balance due on August 1, 2012. No major expenses may be incurred without U. S. Fireworks Safety Commission, Inc.'s prior approval. **Please forward your invoices to our Virginia office** and contact Carrie Castro (703-684-1110; ccastro@multistate.com) to coordinate all registration requirements or for any questions in that regard before filing your registration.

MultiState Associates will provide coordination and management of your efforts to the extent the client deems appropriate or advisable. MultiState will assume responsibility for and have the sole authority to negotiate all fee arrangements with our client regarding this assignment and any future renewals and will handle all contract paperwork. Fee and contract arrangements shall remain confidential, proprietary information between MultiState Associates and The Vandervort Group, LLC. We will also assume responsibility for billing, employer and lobbying registration and reporting requirements and filings with the state, and other administrative duties.

Please keep me in the loop via copies of your updates, progress reports, and other emails to U. S. Fireworks Safety Commission, Inc.
